

**Cable Tray System:** Al Fareed Cable Tray Systems are engineered and manufactured in compliance with SASO, IEC 61537, and NEMA VE-1 standards, ensuring superior strength and durability. Made from high-quality steel sheets and finished with HDG coating (BS EN 1461/ASTM A123), they deliver long-lasting performance in all project environments.

Width : 50mm to 1200mm  
Height : 50, 60, 75, 100, 150, 200 mm  
Thickness : 0.7, 1.0, 1.2, 1.5, 2.0 mm  
Length : 2.44 Mtr, 3.0 Mtr  
Finish : Hot Dipped Galvanized  
Mill Galvanized  
Aluminum  
Stainless Steel  
Powder Coated

Design Standard: IEC 61537, NEMA VE-1
