

**CABLE TRUNKING SYSTEM:** Al Fareed cable trunking provides a secure and efficient pathway for electrical wiring, meeting the stringent requirements of SASO GSO – IEC 61084-2-1 design standards. Manufactured from premium steel and corrosion-resistant finishes, it ensures performance and durability for commercial and industrial projects.

Width : 50mm to 1000mm

Height : 50, 60, 75, 100, 150 , 200

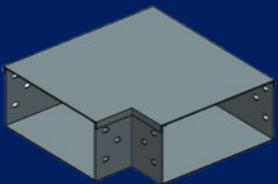

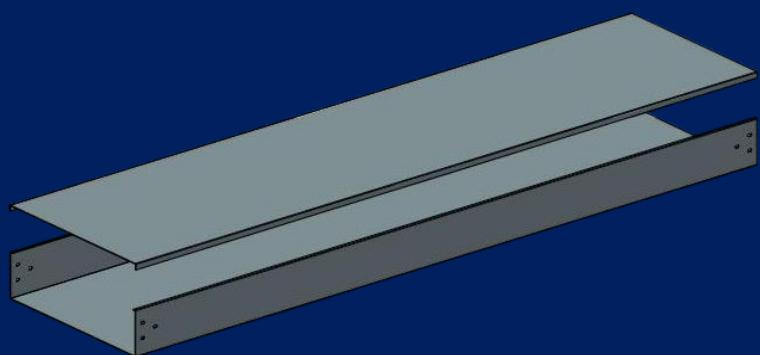

Thickness : 0.7,1.0, 1.2, 1.5 , 2.0 mm

Length : 2.44 Mtr, 3.0 Mtr

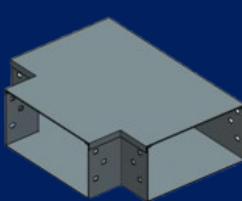

Finish : Hot Dipped Galvanized  
Mill Galvanized  
Aluminum  
Stainless Steel  
Powder Coated

Design Standard: IEC 61084-2-1

**Note: Other Available Trunking:**

- 1) Ceiling Trunking
- 2) Raised Floor Trunking
- 3) Under Floor Trunking
- 4) Flush Floor Trunking
